Dear Sir - You have
been recommended to me
as a competent person to cat-
alogue some antique coins
for me - I have a girdle
composed - with the drop - of
40 large and small Copper
Roman antique coins - these
are all in a good state
of preservation - Would you
be willing to undertake the
following Commission & viz -
Catalogue the above - giving
a brief description of each
coin - telling the names of person
whose images appear - giving both

in Latin and English the inscrip-
tions - and the date of issue
and ^{name &} value of same then (X
now -) These coins were col-
lected by my Father - now
dead - Rev A. H. Ryder D.D.
- and on that - &c - as well
as their intrinsic value - I hold
them very highly - Consequently
I am extremely anxious that
they should only go into Com-
petent and reliable hands -
Should you be willing to un-
dertake this please advise
me as to the probable ex-
pense and give me such
Chicago or Phila references
as you see fit - I am
Yours Truly
Mrs Caroline R. Merrill
